MACANDREWS

SERVICE PROFILE

Door-to-door transportation service between the UK, Ireland, Portugal, Netherlands, South of Spain and France. This service utilises multimodal transport linking road, rail, sea and barge, saving you on average 55% of Co2 when compared to truck transport. You can check your CO2 savings using our Eco-Calculator here.

Key Service Features

Revamped service now features a second port call in Dunkirk, France and a weekly Figueira Da Foz service. A door-to-door multimodal service linking the UK, Ireland, Netherlands, Germany (by barge), Portugal, South of Spain and France. This service operates four vessels over two routes, East and West.

This weekly service connects Northern France and the Belgian borders interlinked with existing Spain/Portugal/UK/Ireland and Netherlands services

Key Support Features

- Modern, dedicated tonnage
- Excellent transit times
- Reliable sailing schedules
- Experienced and customer oriented agents
